OASIS BERCO SOFT SOLO HUBS ARE "PLUG & PLAY"

If you've added a Power/USB unit to your Soft Solo Hub, you'll simply install the unit in the work surface (instructions provided), run the power cable through the grommet closest to the work surface down through the cavity in the wall, then connect the cord to a power source either from the inside or outside of the Hub through the grommet at the bottom of the wall panel.

ETL LISTED TO CONFORM TO UL STD 962
